Sogreah's services

- ▶ Design Services
- ▶ Assistance to the Owner during the works

Description / Particularities

- One of the most ambitious urban development schemes in Europe;
- Development of 150 ha including housing, offices, businesses, communal amenities and leisure facilities, a marina and parks at the confluence between the Rhône and Saône;
- Extremely sensitive area from the environmental point of view;
- Problem of aquifer/river in an urban setting.

Detailed services:

- Definition of environmental baseline situation;
- Risk assessment for the entire project;
- Environmental summary of each project during hand-over to developers;
- Design study for the marina (preliminary and detailed designs, preparation of tender documents);
- Assistance to the Owner for construction of the future works.
